SELECTMEN'S REPORT

Stoddard's Bi-Centennial celebration has come and gone with a colorful and effective period of nostalgia and patriotism. The spirit of the old and revered Stoddard Patriots was found to be currently alive and certain. Past members of the Board of Selectmen have indicated, through their actions and efforts, that the areas of governmental participation and accountability were faithfully carried out. With the foregoing in mind, your present Selectmen desire to continue such fervid participation. We feel that a blending of common sense and idealism may go hand in hand and that the people of Stoddard will, as they have in the past, become increasingly aware of the desirability of meeting a challenge before it becomes a crisis. With the foregoing in mind your Selectmen will present the following comments for your essential consideration.

According to the State Law the Town of Stoddard is required to eliminate its "Town Dump" by July 1, 1975. With this in mind the Selectmen have contacted the City of Keene and have made the necessary arrangements to use their land fill. The cost involved is within range of the town's ability to pay. We recommend that you favorably consider the corresponding article within the Warrant.

Another State requirement is that each and every town have its own Tax Map completed by 1980. Last year's budget contained an appropriation of \$2000 as a starting basis. William Dussault and David Crockett have undertaken the effort and have demonstrated very satisfactory progress. Many towns have encountered a cost in excess of \$20,000. Ours will be considerably less.

Your Selectmen will greatly appreciate your effort in filing your inventory of the property for which you are liable to be taxed for in 1975. The State Board of Taxation insists that your assessors strictly enforce the law and demand that no person, firm or corporation be excused from complying with the provisions of Chapter 57 of the Public Statutes. The form should be completed with complete descriptions of property. Comments such as "same as last year" are not very helpful.

An article within the warrant relating to the purchase of a Sand Spreader for the town is worthy of your favorable consideration. In addition to being more efficient than our present device the new spreader will reduce the manpower requirements by 50%, it will be much safer and will permit a more consistent distribution of sand and therefore less usage.

Another article within the warrant pertains to the splitting of the Town Meeting into two parts. The first meeting would be related to elections only and the second meeting for appropriate action on the Town Warrant. The basic reason for this change is merely to shorten the nights activities.

During the past fiscal year the Stoddard Selectmen, accompanied by Selectmen from Windsor perambulated the Stoddard-Windsor town line thus establishing again the markers that designated these town lines. This perambulation or "running the line" is required by law.

Nowhere is excellence more necessary today than among those who are charged with the management of public affairs and public recognition of this is a prime requirement. With the foregoing in mind and considering that the Office of Selectmen is a part time effort (twice a month) we have devoted the following time in our efforts to improve the community as a complete unit.

Town Hall Meetings	73 times (days)
Assessed property	8 "
Visits with other towns	6 "
Conferences with N.H.M.A.	5 "
Dog census	2 "
Total	<u>94</u> Days

We earnestly request any constructive criticism from our fellow townspeople and others which may enable us to deal more effectively with problems which may arise within the community.

Respectfully submitted,

ROBERT C. RUMRILL
EMILE J. VAILLANCOURT
EARLE F. WESSON
Selectmen of Stoddard

The Planning Board of the Town of Stoddard handled a mounting work load this past year as subdivision applications, violations and many revisions on subdivision maps of the Hidden Lake development kept us quite busy. Work and executive sessions were held frequently in addition to our regular monthly meetings in order to better understand and evaluate some of the tasks confronting us.

The South Western Regional Planning Commission has been an invaluable asset to your Board and Roy Jeffrey, representing that Commission has always been available when called upon and at many of our meetings, his counsel and knowledge have helped immensely.

The Board ended the year by airing a proposal for the creation of an historic district or districts for the Town of Stoddard.

Respectfully submitted,

FRANK E. GORE
Chairman

REPORT OF LIBRARY TRUSTEES

Library hours for 1974 were held on Thursday 7-9 p.m. and during school sessions Tuesday 9-11:30 a.m.

This year marked the 200th year for Stoddard with its bicentennial celebration on July 12, 13 and 14th. During this time the Davis Library was open 10-5 p.m. welcoming all visitors. A short history of the library, along with pictures and books were on display. Mrs. Barbara Rockwell, librarian, Mrs. Dot Patnode and Mrs. Terry Lehman were hostesses and greeted all visitors, showing them the library and answering any questions. Over 200 people signed the guest book.

Nineteen Seventy-four has been a most rewarding year with all the new faces and so many people offering their generous gifts of books. My expression of deep thanks to all of you.

BARBARA ROCKWELL
Librarian

This year, after the children select their books, they read for fifteen minutes. Sometimes they read to each other. Lucy Hill and I either read to the younger children or listen to the girls and boys who want to read to us.

One of our most interesting programs was for the bicentennial. The children consulted the Town History and books on Glass, discussed what they had learned and drew pictures which were mounted on the walls during the bicentennial.

Barbara Rockwell and I met with Miss Amanda Trask to study catalogs and order the books for which the School Board had appropriated money.

ANNUAL REPORT TO TOWNS
GILSUM MARLOW NELSON STODDARD SULLIVAN SURRY

The Agency has provided the services of a registered nurse on a visiting part-time basis for twenty hours per week. A registered physical therapist and a male licensed practical nurse are available by appointment on a contract arrangement. Nursing services offered include skilled care of the sick at home, health guidance and assistance in referral to other community resources.

The Child Health Conference which provides free medical supervision and immunizations to low-income families has been maintained. The clinics are held in the Gilsum Church on a monthly basis. This program has provided 23 children in 14 families with 58 doses of vaccines in 48 clinic visits.

This project is funded in part under agreement with the State of New Hampshire Division of Public Health, Bureau of Maternal and Child Health.

In addition a family health discussion group has been held in conjunction with the C.H.C. All parents are invited to this informal discussion with the doctor about pertinent health topics.

The Agency is certified to participate in the Medicare Program and receive payment for these patients eligible for Medicare. The fee per visit for nursing care is adjusted according to the patient's ability to pay. All health guidance and disease prevention visits are rendered free according to Agency policies.

It is the joint efforts of the people in our towns who have made these services available. Many have given their time to serve on the Board, on committees and in the membership drive. We are glad that all the towns have felt this service important enough to make appropriations for its support.

STODDARD HISTORIC SOCIETY

1974 ANNUAL REPORT

In preparation for our bicentennial commemoration in July 1974, the Stoddard Historic Society set several goals and laid plans for our celebration. We restored the Society's hearses and reroofed the hearse house. Rear steps were installed along with an alarm system and new outside light. For added security, all windows were specially closed.

Mrs. Florence Richard donated an original leather basket filled with items handmade by residents. The tickets were sold to benefit the Society and the winner was selected during the bicentennial.

We want to give special thanks to all the authors represented in the current Stoddard History, but chiefly to Doc Newell for all his work overseeing its publication. The framed copyright hangs in the Historical Building.

At the Society's Annual Meeting in November, new officers were elected. Emile Vaillancourt is President; Frances Rumrill, Vice-President; Shirley Anderson, secretary; and Bob Webster, treasurer. Director for five years is Trevor Price, and Auditors are Ethel Horsfal and Charles Eaton. Our membership stands at 42 families and individuals.

Several glass bottles have been added to our collection with a donation by Lawrence Copeland. A showcase was donated by Mr. and Mrs. Ralph Merchant to adequately display these and other rare pieces.

Our town's birthday party was organized and given by the Society's Bicentennial Committee as a sort of family celebration on November 4, anniversary of the signing of the Town Charter. Approximately 135 "guests" attended and feasted on roast pig and cider. The invited guests brought various side-dishes, topping off the evening with a play by the Stoddard Central School students, followed by cake and coffee.

Committee members now feel we're really ready to do justice to our next centennial milestone!

At year's end, the Society members endorsed a proposed Historic District encompassing parts of Stoddard and aimed at

maintaining our unique colonial heritage. This proposal will come before the voters at the 1975 Town Meeting.

Respectfully submitted,

SHIRLEY ANDERSON
Secretary

POLICE DEPARTMENT REPORT

Your Stoddard Police Department consists of five men--a Chief Constable, elected by the people at the annual Town Meeting, two deputies and two special officers, all appointed by the Selectmen. All officers are part time, but subject to call twenty-four hours a day.

Historically, the two special officers have been the Chief of Police in Washington, and the Chief of Police in Nelson. These two individuals are sworn in as Stoddard special officers and bonded by us. They are invaluable as they handle any police matters that come up on the upper reaches of Stoddard on Highland Lake, and the lower reaches of Granite Lake.

All our officers are completely equipped and outfitted. They all have modern 2-way radio transmitters in their vehicles. Three of the vehicles are equipped with a monitor that allows car to car communication with State Police cars. They all carry first aid equipment, including Ambu Bag Resuscitators.

The real test of your Police Department was the three-day Bicentennial, when four State Police and four of our men handled the three days with hardly an incident.

In 1974, we investigated 85 complaints and made two arrests. This does not include motor vehicle patrols and warnings given, nor the myriad complaints handled by phone, such as dog complaints. Automobile accidents, breaking and entry, domestic disturbances continue to head the list of problems.

Four of our officers belong to Cheshire County Peace Officers Association, and I also belong to N.H. Police Chiefs Association. We have attended many special police classes. In this manner, we are constantly trying to upgrade our knowledge.

We welcome your constructive criticism and solicit your help in attempting to eliminate law breaking in our fine town of Stoddard.

CHARLES EATON
Constable

REPORT OF STODDARD FIRE DEPARTMENT

The Fire Department made \$800 on our Chicken Barbecue which was used to prepare the land for the proposed Fire Station. We had 800 yards of fill trucked in at a cost of \$320, we also installed culverts and built headers for the driveway facing route 123. The application for which has been approved by the state. We are having a contractor from Bennington, N. H., by the name of Frank Mooney, who is drawing up a set of working plans for the new Fire Station. All of the money that has been put into the land and plans has been from donations and from our Chicken Barbecue.

We wish to thank Mr. and Mrs. Raymond Blaisdell for their donation of a turkey for our Thanksgiving raffle. Good luck to Robert Webster who won the turkey. We also held a Christmas raffle of a 13 pound ham and a bottle of cheer which was donated by Mr. and Mrs. Frank Grabenstein. Good luck to Mrs. Gerald Knicely who won the ham and also to Mrs. Margaret Johnson who won the bottle of cheer.

Many thanks to Mr. Peder Johnson who is drawing a picture of the proposed fire station.

Richard Weaver, Rick Canfield and Daniel Eaton have attended Emergency Medical Technician training at Cheshire Hospital, and now work with the Marlow Ambulance.

We made 16 runs this year which are as follows: 3 building fires, 3 dump fires, 1 brush fire, 2 rescue calls, 1 gas tanker crash, 1 gas wash, and 1 chimney fire. Also all the repairs to the equipment has been done by men in the department.

The station has also been set up to run the lights, radio and furnace from our portable generator. We repainted the inside of our meeting room for the Bicentennial.

We also clean chimneys, pump out wells and cellars for townspeople at no charge. This is done anytime. Please call Wayne Fuller 446-3477 or Wally Weaver 446-3350.

We wish to thank the Ladies Auxiliary and everyone for their donations and help.

WALLACE WEAVER- Deputy Chief

STODDARD VOLUNTEER FIRE DEPARTMENT
AUXILIARY REPORT

During the 1974 season the Auxiliary members helped to increase the Fire Department Building Fund by about five hundred dollars. This was accomplished by a "pen project", food sales and private donations. Also a great deal of hard work and cooperation from the residents and non-residents of the town.

The Auxiliary also helped at the Bicentennial barbeque which was a great success.

A Scholastic Trust Fund has been established by the Auxiliary to help any student within the town who is in need. This may be used for books, clothing, tuition or any other matter pertaining to educational needs.

We have about twelve active members, many inactive members and would welcome anyone who would like to join our organization.

Respectively submitted,

EVELYN A. HOLMES,
Secretary

REPORT OF THE RECYCLE FEASIBILITY COMMITTEE

Recycling in Southwestern New Hampshire appears to be slowly getting under way in some of the larger towns. It will probably become attractive to more towns as town dumps are legally phased out, and people find they have to go longer distances to dump their garbage.

Prices for recyclable items can fluctuate rather widely. The price for paper is down at the moment of writing (January) owing to the economy and an accumulated backlog, but should pick up toward spring, as things get moving again.

In the summer we conducted a paper drive, and found there was some interest. We were fortunate to have the use of one of the committee members' pick-up truck, but found that with this arrangement we were limited by the weather, and other factors. So we are recommending in the Warrant the building of a small paper shed, (8' x 12' x 8', which would hold about 2 tons of paper) in Stoddard, to which people can bring their recyclable newspapers and magazines.

We have a commitment from 6 of the older 4-H boys to volunteer their help in building such a shed.

From conversations with recycle people in another town that will be sending its unrecycled garbage to the Keene Landfill, while recycling paper and glass in the town, it is worth noting that the Keene Landfill will charge on a weight basis. They know the capacity of this other town's garbage truck, they keep a record of how many times it comes to the Keene Landfill, and charge accordingly. So the more the people of the town recycle, the less garbage has to be dumped, the less the town has to pay the Keene Landfill. Not to mention revenues from the sale of the recyclables.

SUPERINTENDENT'S REPORT

The burden of funding education weighs heavily upon local districts while concurrently the task of providing satisfactory educational programs with suitable alternatives is likewise the responsibility of the district. After a decade of participation from the State and Federal governments we have failed to see the emergence of proposed funding but we have seen categorical funding to remove inequities and strong advocacy for accountability.

Timeliness in education is important in preparing our children for the competition of today's world but the importance of individual skill development has never decreased in importance. Although approaches to the teaching - learning process have varied to a far more personal approach, the emphasis is on basics in a functional setting with a sense of belonging and involvement.

As a rural district we invite and have the involvement of the community in many facets of our public schools. The credibility gap has lessened and confidence in the public school system has increased in most public sectors. Although we still have a few failures, percentages have greatly reduced with diagnostic development, remedial and developmental assistance, and motivation based on achieved competence, career awareness, and viable educational alternatives.

Fortunately, the public school program is destined to change to meet fulfillment of the demands of society in educational, business, and conversely depression factors have attacked our daily routines at work and at home and similarly they have attacked our institutional services. Your indulgence is necessary through these trying times to provide the necessary instruction vehicle so that an undiminished educational program may continue for our children.

The professional staff and school boards have worked diligently to provide a maintenance budgetary appropriation with change only where mandated for subsistence. We respect your affirmation of excellence in education and support for continuance of instructional improvement for our youth.

Respectfully submitted,

NEIL E. CROSS
